Director of Health & Safety, *Heather Schneider*

- Love getting emails from social chairs

I just created another event form on rock chalk central. It is called "Event Form". This form can be used to document any event put on by your chapter that is not located at your chapter facility. The purpose of this form is to document events other than date parties/social events. So you will still need to submit PNFs just like you would normally. The form only asks for information regarding chapter, date, time, and location. It also has a option to submit guest lists.

Examples of events that would be submitted in this form included: a new member retreat/trip, overnight sisterhood events, mom's day/dad's day events, group trips to KC, etc.

This is a new process and there will be no repercussions for not submitted an event form. There is no time limit/requirement, but preferably submit the form by the date of the event.

This will help with confusion of events being held that seem to be social functions, but technically are not.
